

# My Portfolio

# **PRATEEK SHARMA**

**Software Engineer**

Aspiring AI/ML Engineer | Technology  
Exploring Data, Code & Creativity

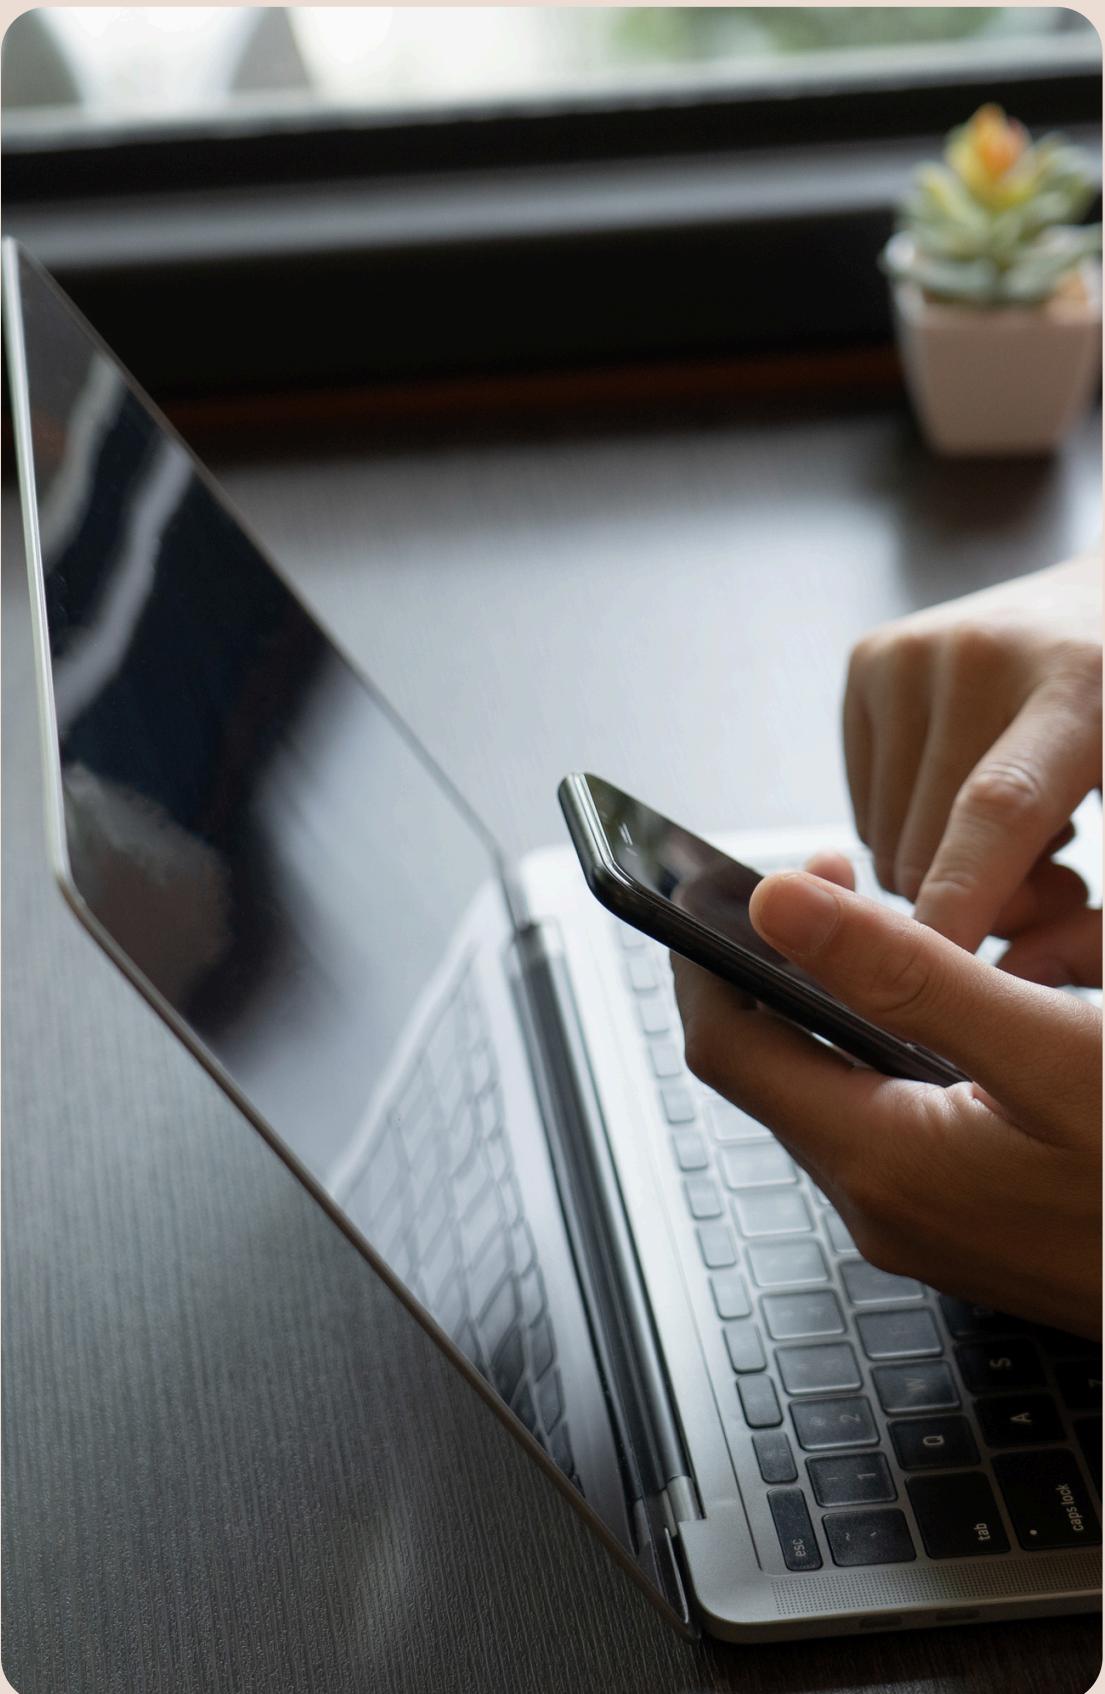

---

[@thepratiksharma28@gmail.com](mailto:@thepratiksharma28@gmail.com)

# About Me

I am an aspiring Artificial Intelligence and Machine Learning professional with a strong foundation in computer science and a passion for innovation. My vision is to develop impactful solutions by combining advanced algorithms with real-world applications. I am committed to continuous learning, mastering programming languages, and building expertise in AI, ML, and data-driven problem-solving to excel in the tech industry.

# EXPERIENCE

## **~Aspiring AI/ML Engineer (2025 – Present)**

**Developing strong foundations in Python, C++, and Java.  
Created mini-projects demonstrating problem-solving and programming logic.  
Exploring AI/ML tools and participating in coding challenges to enhance skills.**

## **~Academic & Independent Learning (2025 – Present)**

**Completing in Python fundamentals up to Object-Oriented Programming.  
Gaining proficiency in DSA with C++ for competitive programming  
Learning to use GitHub for version control and collaborate projects.**

# EDUC- ATION

**"Bachelor of Technology in Computer Science (AI & ML),  
[Chameli devi group of institutions], 2025 - Present"**

**"~Currently building a strong foundation in programming,  
data structures, and core AI/ML concepts."**

# SKILLS

## SKILLS

- 1. Problem-Solving & Logical Thinking**
- 2. Basic Programming (Python, C++)**
- 3. Learning Data Structures & Algorithms**
- 4. Communication & Team Collaboration**
- 5. Adaptability & Continuous Learning**
